ABOUT ME

Passionate and versatile computer science graduate with strong interests in software development, generative AI, and data-driven technologies. Proficient in Java, C, C++, Spring Boot, MySQL, HTML, and CSS, with hands-on experience in developing scalable applications such as an agriculture management system. Committed to writing clean and efficient code, solving real-world problems, and building innovative software solutions through continuous learning and technical expertise.

EDUCATION

Bachelor of Computer Applications (BCA), CGPA: 8.68

Bharathidasan University, Thanjavur (2022 – 2025)

Master of Computer Applications (MCA), CGPA: 9.42

SRM Institute of Science and Technology, Tiruchirappalli (2025-present)

PROJECTS

Agriculture Management System

Developed a web-based Agriculture Management System using Spring Boot, Thymeleaf, and MySQL to streamline crop planning, resource management, and farm record maintenance.

AI-Powered Detection of Broken Parts in Diverse Images

Developed an AI-based detection system using YOLOv5 and Streamlit to identify damaged or broken parts from images with real-time prediction.

CERTIFICATIONS

Oracle Cloud Infrastructure Architecture Training Program – 2024

5-Day Integrated Program on Introduction to Computer Vision by GUVI & HCL with SRMIST – 2025

SOFT SKILLS

Communication
Teamwork
Problem Solving
Time Management
Adaptability

TECHNICAL SKILLS

Programming Languages: Java, C, C++
Web Technologies: HTML, CSS, Thymeleaf
Frameworks: Spring Boot
Database: MySQL
Concepts: OOPs, DBMS, REST API
Tools: VS Code, Git
AI/ML: Basics of Generative AI, YOLOv5

DECLARATION

I hereby declare that the details furnished above are true and correct to the best of my knowledge and belief.
